

## **Community Paediatric Referral**

A paediatric referral can be made for many reasons, including social communication needs and ADHD related concerns.

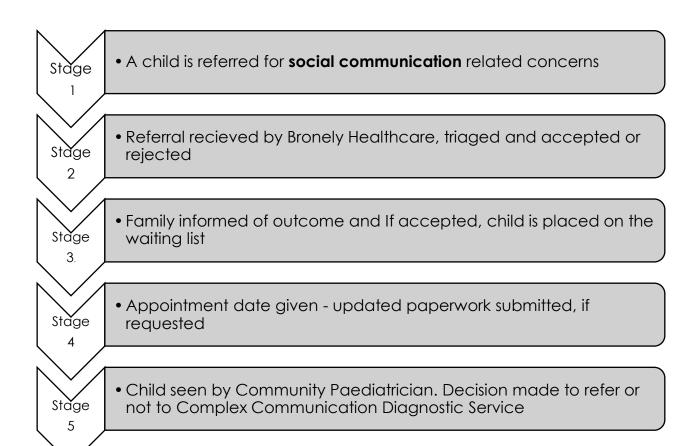

A referral to the Community Paediatrician is made to Bromley Healthcare. School will discuss the need for a referral with parents / carers and a referral will only be made if both parties agree.

Dependant on the reason for the referral, families may need to complete a questionnaire or form to make up part of the referral, this will be explained at the time of agreement.

Class teachers will also complete a form and the SENCo will write a letter for referral. This will then all be submitted to the NHS (Bromley Healthcare).

Once a referral is accepted, families will be contacted and informed of waiting times and appointment dates.

Bromley Healthcare do not send communication to school after the referral has been submitted – we are not told of appointment dates or outcomes, so rely on families to share this information with us.

Stage 1	A child is referred for <b>ADHD</b> related concerns
Stage 2	Referral recieved by Bronely Healthcare, triaged and accepted or rejected
Stage 3.	Family informed of outcome and If accepted, child is placed on the waiting list
Stage 4	Appointment date given - updated paperwork submitted, if requested
Stage 5	Child seen by Community Paediatrician. Diagnosis can be given at the appoiuntment
Stage 1	A child is referred for <b>developmental</b> concerns
Stage 1 Stage 2	A child is referred for <b>developmental</b> concerns      Referral recieved by Bronely Healthcare, triaged and accepted or rejected
Stage	Referral recieved by Bronely Healthcare, triaged and accepted or
Stage 2	Referral recieved by Bronely Healthcare, triaged and accepted or rejected      Family informed of outcome and If accepted, child is placed on the
Stage 2 Stage 3.	Referral recieved by Bronely Healthcare, triaged and accepted or rejected      Family informed of outcome and If accepted, child is placed on the waiting list      Appointment date given - updated paperwork submitted, if
